Other Services

GLRC offers a wide variety of behavioral health services across our locations. Other services provided by the agency include:

About Residential Services

Residential substance use treatment refers to a short-term (30 day) or long-term (more than 30 day) arrangement, where clients live in a therapeutic environment for individuals living in recovery. Staff are committed to helping residents gain life skills, make healthy decisions, and strengthen their recovery.

Individual Treatment

Each client is assigned a counselor who provides one-on-one services and meets frequently with them throughout their stay. Counselors help residents identify their personal strengths and establish/maintain support systems they will need in order to live in recovery.

Group Therapy

Group therapy sessions are facilitated by qualified staff members and conducted daily. During these sessions, clients focus on acquiring new living skills and learning to put them into practice.

Community Involvement

We believe in the healthy effects of giving back to the community and helping others. Our clients participate in a wide variety of civic and charitable activities during treatment.

Transition Planning

From the first day of treatment, residents are planning for their return home. Our goal is to help everyone obtain access to the care and assistance they'll need, including employment, housing, family support and follow-up medical and/or behavioral health services.

Social Detox Services

All adult residential services sites offer Social Detox Services to medically stable clients as they withdraw from alcohol or drugs. Extensive monitoring and care is provided for these clients. Services are intended for individuals experiencing "sub-acute detox" to reside for a shortened time frame. Sub-acute detoxification refers to clients who are experiencing intoxication or withdrawal symptoms that are severe enough to cause impairment, but are not so severe that they require medical attention.

Medical Services

Medical Programs are staffed by physicians, nurse practitioners, and physician assistants who can provide medication assisted treatment along with treatment for health conditions, preventative care, education on health topics, and minor office procedures. For more information call (906) 228-9696.

OS Reentry Services

GLRC works with returning parolees in the UP to assist with the transition back into the community through our program of resources and case management services. For more information call (906) 458-0616.

Peer Recovery Services

Peer Recovery focuses on providing an environment where individuals who are living in recovery work with those who are currently receiving treatment for SUD. For more information go to www.greatlakesrecovery.org/peer-recovery.

Recovery Housing

Recovery housing provides structure and support for those living in recovery and allows a safe environment for individuals to continue to heal from the impacts of addiction. For more information call (906) 228-9696.

Outpatient Services

Outpatient services are the first option for those seeking counseling, but need the freedom to continue working or going to school. Outpatient services are also used as follow-up for clients who have completed residential services. For more information call (906) 228-9696.

Veterans Services

GLRC provides readjustment counseling services and a specialized group for veterans in the community. GLRC also works closely with the VA to provide homeless veterans with a place to stay. For more information call (906) 485-2347.
